PRACTICAL INFORMATION

VISA

Most of our students are living in France, therefore for non-European students, a French visitor visa has to be requested to the French Embassy of country of origin.

An invitation letter from IUM is provided in the acceptance package.

For those who plan to live in Monaco, a student visa for Monaco has to be requested to the French Embassy of country of origin.

ACCOMMODATION

The International University of Monaco does not offer an on-campus accommodation option. Students are responsible for finding and paying their own accommodation. Our Student Services Office offers support students in this matter.

Student services page: <https://www.monaco.edu/student-services/>

We also advise you to connect to the online platform Studapart to search for your new home: <http://insec.studapart.com/en>

Once students are accepted in the Exchange program, they can also request the access to the IUM Facebook Housing page centralizing requests and offers.

INSURANCE

A personal liability insurance and health insurance covering the stay in Monaco are compulsory. The exchange students must provide the certificates before arrival.

We recommend the contract «Crystal Studies - Complete Option» proposed by Ascoma. It will cover you for both Health insurance AND Personal Liability Insurance. For more information about Crystal Studies: <https://global.aprilinternational.com/en/studying-abroad/crystal-studies>
